Mikami Kamika 三上神歌

A Japanese transfer student from Sweden. She acts like an honor student on the surface, but is actually a dangerous girl who knows kung fu. She drew the courage to draw manga during her childhood, which she still continues ever since.

Ookuni Raise 大國来世

Left by both his parents, he is a worldly-wise high school student who earns his bread. He admires 'youth' more than anyone else, though the person himself denies it. He despises his unfaithful father and learns not to become like him.

The twin were shocked upon learning about the activities of the「Myth Research Club」

PREVIOUSLY

April, second year of high school, in an age when people would celebrate their youths, Ookuni Raise was instead working hard in his part-time job. One day, on his way home from his work, he was mistaken as a molester by a girl that he thought to rescue. Worse, that girl, Mikami Kamika, was transferring to Raise's class. He somehow managed to clear the misunderstanding, but at that moment, 「something」 appeared at his back and they were sent into a different world.

Having gotten themselves into a trouble, the two's homeroom teacher—Takehaya—used his power to return them into their original world. They then learned that the unknown place is the once prosperous land of gods "Takama-ga-hara", and the fact that it had been reduced to a wasteland by the ones called Ara-mitama. Takehaya reveals about the objective of the 「Myth Research Club」—to exterminate the Ara-mitama— and invites Raise and Mikami into his group.

AND IT IS WHERE ALL CYCLES OF SOULS IS GOVERNED.
THE SYSTEM THAT MANAGES THE ENDLESS CIRCLE OF DEATH AND REBIRTH IS LOCATED HERE IN THIS PLACE.
